SECBE AWARDS 2025

POWERED BY secbe

WINNER

INNOVATION

It was a big summer for the team at Bryson. Our visits to the SECBE Awards in June and London Construction Awards in September were unforgettable highlights.

Our breakthrough pedestrian access & Safety BryFour Gate™ innovation won the Innovation of the Year at the Constructing Excellence SECBE Awards 2025, a huge achievement for our Bryson Innovation committee who are passionate about high impact site solutions.

The BryFour Gate™ was born from true collaboration shaped by contractor feedback and challenges on site and our unique understanding of construction industry needs.

Designed to tackle real on-site challenges with traditional hooped gates, secure, stable, built to last.

BryStore Brings Supply Chain Directly to Site

Your 24/7 On Site Warehouse

Introducing BryStore: Your On Site Supply Hub

A dedicated, modular warehouse that keeps live stock of essentials directly on your site, ready for immediate 24/7 access. Not just a container - a strategic logistics solution helping you manage materials, reduce downtime and improve safety.

24/7 Autonomous Stores

Empower contractors to browse and shop anytime, day or night.

Reduced Costs

Eliminate staffing needs for extended hours and streamline logistics.

Secure Access Systems

Maintain complete control over inventory with robust security measures.

Enhanced Convenience

Offer a convenient, self-service stock collection experience for contractors.

Strategic On-site Stores

Conveniently placed locations ensure easy access to essential supplies.

Improved Productivity

Streamline operations and reduce downtime for service calls and repairs

Seamless Integration

Integrates seamlessly with our ordering system.

Reduced Environmental Impact

Consolidate deliveries and minimise your carbon footprint by negating daily deliveries.

Scalable Platform

Adapts to diverse environments and business needs

Isn't it time to rethink your site logistics?

The Innovation Lab:

Fresh thinking from our experts

Innovation never stands still at Bryson. We're always on the lookout for new ways to make construction safer, simpler and more sustainable - from the way PPE is stored and accessed, to how fires are detected and contained before they spread. Let's take a look at what's new.

MetGuardz™ Clip - On Foot Protection

- Instant metatarsal impact protection
- Fits securely over most boots
- No need to replace existing footwear
- Reusable and transferable – perfect for temps & visitors
- Resistant to heat, cold, acid, oil & more

Code: 104419

Code: 106361

Firechief® Premium Battery Fire Blanket

- Quick to deploy – lightweight & easy to handle
- Withstands extreme heat up to 1300°C
- Reduces toxic fumes & chemical exposure
- Available in multiple sizes
- Independently tested to EN13501 standards

Bryson EnviroTouch Glove Built For Performance & Sustainability

Ultra-lightweight gloves with high cut resistance, secure grip, and reinforced durability. Ergonomic, breathable, and touchscreen ready designed for all-day comfort, practicality, and sustainability with machine-washable fabric containing recycled polyester.

Code: 101820
(Available in sizes 6 - 12)

TOUCHSCREEN

MACHINE WASHABLE

RECYCLED FABRIC

BryBoard® Sustainable Site Signage

Made from 100% recycled materials and support our Closed Loop Recycling Scheme. Combining durability with sustainability. Built to last while helping reduce waste on site.

- Lightweight yet strong
- Fully weatherproof
- Suitable for both indoor and outdoor use

VoltHub™ Lithium Battery Charging Station

- Segregated charging in ventilated compartments
- Fire-resistant construction with built-in suppression
- Audible & visual alarms plus GSM alerts to 3 contacts
- Maintains optimal conditions for extended battery life
- Weatherproof & secure for on-site use

Smarter Budget Control with BrysonBase

Take the stress out of managing project spend with BrysonBase's Call-Off Budget feature.

Set a budget for a site or project.

Let your team order freely until the limit is reached.

Amend your Call-Off budget or automatically trigger approval workflows.

Stay in control without slowing things down.

- ✓ Easy setup
- ✓ Real-time tracking
- ✓ Automatic approvals when needed

BryClean:

Transform your PPE management strategy with a circular future in mind

Why BryClean works:

Flexible delivery: On-site laundry stations or local partners

Cost savings: Fewer replacements and lower disposal costs

Time savings: Reduce daily deliveries and order chasing

Compliance assured: PPE cleaned and up to standard

Sustainable: Cuts waste, carbon, and Scope 3 emissions

Boost ESG Performance

Waste Reduction
Less PPE going to landfill

Lower Carbon Footprint
Fewer orders, deliveries, & production

Circular Economy
Promotes reuse over replacement

Book A Site Consultation Today!

Is your project running for 2 years or more?

Do you have 200+ operatives on site?

Is PPE management becoming a challenge?

Need to meet ESG targets?

Find out about our other services
